**Enter your signing passphrase**

**Enter the pin from your OTP token**

Show Clear Text

There are 3 boxes to complete:

1. The first box designates which token method you will be using (Phone or key chain token)
2. Enter your passphrase that you set up with IT.
3. Enter the number that displays on the token. There is a 30 second countdown before the number changes again.

If the transaction is successful, you will see a confirmation number at the top of the page. Nurses can also print a transmission report to verify that the Rx went through successfully.
